

ACCESSING STUDENT DATA IN THE STUDENT INFORMATION SYSTEM

Click STUDENTS from either the side menu or dashboard.

The list of students will load. You can search for a student by typing in part of the name in the search box.

You can adjust the amount of students that show on your page here.

You can view, edit, or delete a student using these icons.

*There are many other features that we will explore later when courses are added, etc., but for now focus on just these features. Click the view icon  next to the student you want to see.

You can view all student data on one screen.
